

Snippet

AIG Shields Up: Cybersecurity virtual experience program on Forage - June 2024

- Completed a cybersecurity threat analysis simulation for the Cyber Defense Unit, staying updated on CISA publications.
- Researched and understood reported vulnerabilities, showcasing analytical skills in cybersecurity.
- Drafted a clear and concise email to guide teams on vulnerability remediation.
- Utilized Python skills to write a script for ethical hacking, avoiding ransom payments by bruteforcing decryption keys.

"Why are you interested in this role?"

- I recently participated in AIG's job simulation on the Forage platform, gaining
- valuable insights into what it's like to be part of a cybersecurity team at
- AIG.
- I worked on a project to create a cyber threat analysis simulation, delving into
- the possible vulnerabilities and how to fix them. I practiced using tools and
- languages relevant to cybersecurity such as Python, building my skills in a
- real-world context.
- This experience confirmed my passion for addressing cybersecurity challenges,
- and I'm enthusiastic about applying these skills on AIG's cybersecurity team to
- contribute to solving real-world problems.
